

12-Month (Fulltime) Lecturer – Orthotics and Prosthetics
College of Health, Human Services, and Nursing

Position Announcement #2926

California State University Dominguez Hills invites applications for a full time Faculty position, at the Lecturer rank. We are seeking a team-oriented individual that will help to enhance our outstanding clinically based program. Responsibilities include teaching of Orthotic and Prosthetic courses, mentoring, scholarship, utilizing the latest technology, evidence based practice and research in support of a student-centered program. The CSUDH O&P program is housed in a new 12,000 square foot state of the art facility in southern California and has a rich history of producing exceptional practitioners. CSUDH offers competitive salaries and excellent benefits. Anticipated start date is February 1, 2017.

Minimum Qualifications:

- Bachelor's Degree and ABC Certification in Orthotics or Prosthetics, (CP, CO, or CPO)
- 1 year of teaching experience in higher education, with demonstrated track record of presentation and teaching of clinical subjects to allied health care students or practitioners.
- Ability to work and communicate effectively with students, faculty, and administrative and external constituencies.
- Experience in teaching from diverse age, socioeconomic, cultural, and academic backgrounds

Perferred Qualifications:

- Terminal degree in area of study (Bachelors, Masters or Ph.D.)
- Strong clinical competence in multiple areas of O&P with knowledge of biomechanics, gait, and research methods.
- Record of research or scholarly activities commensurate with rank.

Responsibilities:

Teach Masters level courses in Prosthetics and Orthotics and be responsible for development, planning, delivery, and assessment of prosthetic and orthotic course materials at the department and course level. Promote teaching effectiveness and scholarship through establishment of student-centered learning outcomes; schedule course days and preparation of course manuals, samples, and materials for lecture and laboratory. Provide day-to-day instruction of prosthetic and orthotic courses, including didactic course work in biomechanics, gait, and research, and clinical courses lecture and laboratory classes. Participate at professional meetings, continuing education activities, and CSU staff development seminars; recruit new students and conduct telephone advising and interviews; participate in admission and retention processes; assess program and students through evaluation tools that measure patient-centered outcomes against established evaluation criteria, and utilize results to achieve continuous curricular and program improvement. Conduct outcome assessments in support of a body of evidence based practice. Assist with postgraduate placement in Residency; develop short -and long-term goals/activities to meet program and accreditation requirements; assist with preparation of NCOPE and CAAHEP Accreditation Self- Study Reports and participate in 5-year site visits.
